WELCOME

Thank you for stopping by and considering us to capture the memories of your special day. This document serves as a brief overview of who we are and exactly what you can expect from us on your big day. Should you have any questions left unanswered please feel free to get in touch with us on [065 828 5976](tel:0658285976) or via email on hello@odmweddings.co.za.

We are a wedding photography and video company based in Durban, South Africa but boy do we love to travel. Our team is a small group of highly talented and creative individuals, with our senior team members each having over 15 years of experience in capturing weddings. We have captured weddings at interesting locations all over the world, including weddings of various cultural and religious expression in both photography and video.

PACKAGES

Our packages are designed based on the feedback that we have received from our satisfied clients, they include both photography and video as individual options, or as a combination. Look out for savings on our combo pricing.

SOME DEFINITIONS TO LOOK OUT FOR

- **Coverage** refers to the amount of time that our crew is allocated to capture the moments on your special day.
- **Highlights** speaks of a short "movie trailer" type edit of your wedding video that is typically 3 – 5 minutes in running time. This has proven to be quite popular as it is ideal for sharing on social media.
- The **Full Length** is more of a documentary edit of your wedding video that includes the ceremony, the reception speeches, cutting of the cake, the first dance etc. We like to use natural moments and create the story of your day.
- The **Creative Shoot** speak of your "magazine style" editorial photo-shoot that typically takes place between the ceremony and reception.
- The **Live Stream** is as it says, a live stream of your wedding day broadcast on our YouTube page. This is a hidden link that only your friends and family will see with whom you share the link.

DELIVERY

Given that we are in the 21st century all our media is delivered digitally on a custom webpage for your wedding, this will have a photo gallery and a video player to stream your wedding videos. We will also send you links to download your photos and video. A USB can be added as an extra and will be couriered to your door. Photo albums can be ordered and will be delivered to your door.

What's Included

Our coverage time allows us to capture the following:
The bride and groom getting ready,
The décor and location of your venue,
The marriage ceremony, congratulations and family photographs,
The creative shoot with your bridal party,
The reception formalities, dancing and impromptu moments.
Your photos are delivered on your own custom online photo gallery.

Important Information

We cover as much of your wedding day as possible in the time allowed. Please keep in mind travel and locations, if you are getting ready at home and your venue is a 1 hour drive away this takes up valuable time. We suggest getting ready as close to the venue as possible.

Coverage time begins when we arrive at the first venue and begin filming. 6 hours coverage does not include the bride and groom getting ready.

Please note: Additional coverage is charged at R2000 per hour for photography.
Travel is charged at R5 per km for venues outside of the greater Durban area.

All our albums are premium quality leather albums with beautiful acrylic covers. We take time to carefully plan every album design and layout. Each page has a protective coating applied to ensure a long lasting finish. Mounting boards between each page allow you to fully view the spreads without binding bends and creases. Your album will be delivered in a protective black wibalin box. Please allow 2-3weeks for printing and delivery. Album price includes courier to your door anywhere within South Africa.

Important Information

All our video packages include two videographers, because two cameras are better than one. The ability to cut back and forth makes for a more engaging video overall. You get more extensive coverage too, because each videographer captures something different, or at least from a different angle. This is crucial at the ceremony, where we can capture your partner's face as you walk down the aisle. And at the reception, we can capture a brides reaction as the groom gives his speech.

A **highlights video** is the short +-5minute video that is shared and made available online and is perfect for sharing with friends on social media. If selected this video is ready within 5 working days after your wedding.

Live streaming is as it says, broadcasting your wedding ceremony live on the web. Your guests and friends receive a link on your custom wedding page to watch your wedding live! Live streaming requires quite a bit of setup at your ceremony venue, and our stream team will handle the setup. When our videographers arrive at the venue, they connect with our team and what they are filming is streamed live, from multiple camera angles. After the ceremony the live stream team de-rigs, the hidden cables and live mixing desk once your guests have left the venue.

Coverage time begins when we arrive at the first venue and begin filming and does not include our setup time before filming. Essential package of 6 hours coverage does not include the bride and groom getting ready.

Please note: Additional coverage is charged at R2500 per hour for videography
Travel is charged at R5 per km for venues outside of the greater Durban area.
Full length video and Highlights video running time may vary depending on the length of your formalites, ceremony and speeches and the package selected.

THINGS TO NOTE

- **Don't pose:** Our videographers use some cameras that look like "normal" photography cameras and as such people have a habit of posing for the camera, which doesn't look all that great in video. So please refrain from posing unless otherwise instructed, spread the word.
- **The music:** For our wedding videos we typically edit to licensed music which is from our professional production library. This helps when it comes to sharing your video online as videos with well-known artists require expensive copyright permission. Videos with these songs are immediately blocked and or removed from the internet and even sometimes subject to legal action.
- **The camera doesn't lie:** We typically shoot in a cinema vérité style, commonly referred to as the "fly on the wall" approach, this means you never know when the camera is on you especially when it comes to video so smile, relax and enjoy your day.
- **Travel and accommodation:** Our package prices don't include travel costs. All weddings taking place outside of the eThekweni Municipality are subject to the AA rates of R 4.60 per km as of 2019 as from our Durban office. For venues further than 250km away accommodation is required. 4-star B&B / AirBnB accommodation is to be allocated for and confirmed by ODM Weddings. Chat us and our team will work with you to find suitable options in the area.
- **Where to from here:** If you like what you see or want something to be customise please don't hesitate to get in touch. A non-refundable booking fee of R5000 will be required to secure the booking as we work on a first come first serve basis. The balance is to be paid in full 7 days before your wedding day.
- **Sharing is caring:** Once completed your photos and video are uploaded onto social media where you will be tagged and provided with a link to share with your friends and family. You may also request to keep your photos and videos private, whereby they will not be shared online.

*Thank you once again for your
time and consideration.*

We look forward to hearing from you!
